The Members of the Village Council
Village of Clifford, Michigan

Gentlemen:

In accordance with your request, I have made an examination of the financial statements of the Village of Clifford for the fiscal year ended February 28, 2007.

All Village Funds have positive Fund Balances as of February 28, 2007, however, continued monitoring and budgeting will be required during the 2007/2008 fiscal year to maintain positive Fund Balances.

I thank the Village officials and employees for the cooperation I received in the completion of this examination. If I can be of any assistance or should any questions arise, please contact me.

Sincerely,

Lehn King

Independent Auditor's Report

I have examined the General Purpose Financial Statements of the Village of Clifford as of February 28, 2007, and for the year then ended, as listed in the Table of Contents. These financial statements are the responsibility of the Village's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that the audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Clifford, Michigan as of February 28, 2007 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, and the budgetary comparison schedules, as identified in the table of contents, are not a required part of the basic financial statements but are supplemental information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplemental information. However, I did not audit the information and express no opinion on it.

The Audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Clifford, Michigan's basic financial statements. The accompanying other supplemental information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The other supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As described in Note 1, the Village has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and related statements, as of March 1, 2004.

MANAGEMENT'S DISCUSSION AND ANALYSIS LETTER

Our discussion and analysis of the Village of Clifford's financial performance provides an overview of the Village's financial activities for the fiscal year ended February 28, 2007. Please read it in conjunction with the Village's financial statements.

Financial Highlights

The General Fund for the Village of Clifford had a fund balance of \$95,100, as of February 28, 2007. This gives the Village a healthy financial position for the General Fund. The Sewer Fund had \$155,278 as a cash balance as of February 28, 2007. The Village has paid off \$125,000 of sewer bonds with the accumulated funds. The Water Fund has a cash balance of \$13,804 as of February 28, 2007.

The DDA (Downtown Development Authority) for the Village of Clifford was able to complete various projects for the Village during the year. These projects included; Chrstimas décor and lighting, children's playground equipment, sidewalk construction and well maintenance to the water tower. In total, the DDA spent \$77,000 on behalf of the Village this past year.

Overall, the Village is in good financial position.

Using this Report

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No.34. GASB Statement 34 implements a new model of financial reporting for state and local governments designed to enhance the usefulness of the Village's annual report.

Village of Clifford

Notes to the Financial Statements
For The Year Ended February 28, 2007

The accounting methods and procedures adopted by the Village of Clifford, Lapeer County, Michigan, conform to generally accepted accounting principles as applied to governmental entities. The following notes to the financial statements are an integral part of the Villages Comprehensive Annual Financial Report.

1. Summary of Significant Accounting Policies

Financial Reporting Entity

The Village operates under a Council-President form of government and provides the following services: public safety, highways and streets, sanitation, recreation, public improvements, planning and zoning and general administrative services. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the Village of Clifford (the primary government) and its component units. The component units discussed below are included in the Village reporting entity because of the significance of their operational or financial relationships with the Village.

Component Units - In conformity with generally accepted accounting principles, the financial statements of component units have been included in the financial reporting entity either as blended component units or discretely presented component units.

Blended Component Units - The Downtown Development Authority (DDA) of the Village of Clifford, an entity legally separate from the Village, is governed by a six-member board appointed by the Village Council. For financial reporting purposes, the DDA is reported as if it were part of the Village's operations because its purpose is to finance and provide assistance to businesses and citizens within the DDA District of the Village.

Government-wide and Fund Statements Fund

The Government-wide Financial Statements (i.e., the Statement of Net Assets (Deficit) and the Statement of Activities) report information on all the nonfiduciary activities of the Village (the primary government). The effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function (governmental activities) or identifiable activity (business-type activities) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Taxes and other revenue items properly excluded from program revenues are reported as general revenue.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the Government-wide Financial Statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

General Fund - The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Major Streets Fund - The Major Streets Fund accounts for maintenance and improvement activities for streets designated as "major" within the Village. Funding is provided primarily through State-shared gas and weight taxes.

Local Streets Fund - The Local Streets Fund accounts for maintenance and improvement activities for streets designated as "local" within the Village. Funding is provided primarily through State-shared gas and weight taxes.

Downtown Development Authority - The Downtown Development Authority (DDA) of the Village of Clifford, an entity legally separate from the Village, is governed by a six-member board appointed by the Village Council. For financial reporting purposes, the DDA is reported as if it were part of the Village's operations because its purpose is to finance and provide assistance to businesses and citizens within the DDA District of the Village.

The Village reports the following major Enterprise Funds & Internal Service Fund:

Water Fund - The Water Fund accounts for the activities of the water distribution system. Funding is provided primarily through user charges.

Sewer Fund - The Sewer Fund accounts for the activities of the sewage disposal system. Funding is provided primarily through user charges.

Internal Service Fund (Equipment Fund) - The Equipment Fund accounts for the acquisition and maintenance of the equipment used in the various funds of the Village. Funding is provided primarily through rents charged from usage of the equipment.

Additionally, the Village reports the following fund types:

Trust & Agency Fund - The Trust & Agency Fund accounts for assets held by the Village in a trustee capacity or as an agent for individuals, organizations, or other governments.

Measurement Focus and Basis of Accounting

The Government-wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period, generally collected within 60 days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, intergovernmental revenues, special assessments, licenses, charges for services, and interest. All other revenue items are considered to be available only when cash is received by the Village. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, and claims and judgments are recorded only when payment is due.

Cash - The Village does not pool cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the Village's investments.

Investments - Debt securities are valued at cost since it is generally the policy of the Village to hold such investments until they mature.

Village of Clifford
Notes to the Financial Statements
For The Year Ended February 28, 2007

Due to and Due from Other Funds - Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances."

Property Tax Revenues - Property taxes are levied on December 1 based on the assessed value of property as listed on the previous December 31. Assessed values are an approximation of market value. A revaluation of all real property must be made every year.

Vacation, Sick Leave, & Other Compensated Absences - The Village has an agreement with the employees in the department of public works, the clerk and treasurer that require the payment of compensation during absence from duty. Each employee has a different agreement as to the amount of days that accumulate for vacation and sick leave. If the employees have days that are unused at the end of the fiscal year, the days are forfeited.

Inventories and Prepaid Items - Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when purchased. Inventories and supplies held by the Water Fund and the Sewer Fund, which are immaterial in amount, have not been recognized. Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in both Government-wide and Fund Financial Statements.

Capital Assets - Capital assets, which include buildings and equipment, are reported in the applicable governmental column in the Government-wide Financial Statements. Capital assets are defined by the Village as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Capital assets are depreciated using the straight-line method over the following useful lives:

Infrastructure	40 years
Water & Sewer Distribution Systems	20 to 75 years
Buildings & Building Improvements	20 to 40 years
Machinery & Equipment	3 to 20 years

Long-Term Obligations - In the Government-wide Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond premiums and discounts, issuance costs, and the deferred amount on refunding are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount and deferred amount on refunding. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Fund Equity - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Accounting Changes

GASB Statement No. 34 – Effective March 1, 2004, the Village implemented the provisions of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* (GASB No. 34). Changes to the Village's financial statements as a result of GASB No. 34 are as follows:

- A management's discussion and analysis (MD&A) section providing analysis of the Village's overall financial position and results of operations has been included.
- Government-wide Financial Statements (statement of net assets (deficit) and statement of activities) prepared using full accrual accounting for all of the Village's activities have been provided.
- Capital assets in the governmental activities column of the statement of net assets (deficit) includes assets not previously accounted for by the Village as well as assets previously reported in the General Fixed Assets Account Group. In addition, the governmental activities column includes bonds and other long-term obligations previously reported in the General Long-term Debt Account Group.
- The fund financial statements focus on major funds rather than fund types.

2. Stewardship, Compliance, and Accountability

Budgetary Information

The Village is legally subject to the budgetary control requirements of State of Michigan P.A. 621 of 1978 (the Uniform Budgeting Act). The following statements represent a brief synopsis of the major provisions of this Act:

1. Budgets must be adopted for the General Fund and Special Revenue Funds, Debt Service Funds, Capital Project Funds.
2. The budgets must be balanced. The balanced budget may include a contribution to or appropriation from fund balance.
3. The budgets must be amended when necessary.
4. Debt cannot be entered into unless permitted by law.
5. Expenditures cannot exceed budget appropriations.
6. Expenditures cannot be made unless authorized in the budget.
7. Public hearings must be held before budget adoptions.

In the body of the financial statements, the Village actual expenditures and budgeted expenditures for the budgetary funds have been shown on a functional basis. The budget is used by the Village Council as a management tool during the year for all budgetary funds. The budgets are adopted on a cash basis, which is not consistent with generally accepted accounting principles. Budgetary control is exercised at the departmental level. Budgets for the General Fund and the major Special Revenue Funds, Debt Service Funds, and Capital Project Funds are presented in the required supplemental information.

Village of Clifford
Notes to the Financial Statements
For The Year Ended February 28, 2007

During the year ended February 28, 2007, the Village incurred expenditures in certain budgetary funds which were in excess of the amounts appropriated, as follows:

	<u>Total Appropriations</u>	<u>Amount of Expenditures</u>	<u>Budget Variance</u>
General Fund			
Legislative	\$ 5,010	\$ 5,245	\$ 235
Central Municipal Activities	24,661	25,387	726
Department of Public Works	28,669	30,826	2,157
Street Lighting	8,900	8,989	89

3. Cash and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Local Unit to deposit and invest in the accounts of Federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or Federal agency obligation repurchase agreements; bankers' acceptance of United States banks; commercial paper rated by two standard rating agencies within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The Village Council has designated one bank for the deposit of Village funds. The investment policy adopted by the council is in accordance with Public Act 196 of 1997. The Council has authorized investment in bank accounts and CDs, but not the remainder of State statutory authority as listed above. All cash deposits and investments of the Village are held by the Village in the Village's name.

At year end, the deposits and investments were reported in the basic financial statements in the following categories:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Fiduciary-type Activities</u>	<u>Total Primary Government</u>
Cash & Cash Equivalents	\$ 410,761	\$ 169,082	\$ 9,890	\$ 589,733

The breakdown between deposits and investments is as follows:

	<u>Primary Government</u>
Bank Deposits (Checking & Savings Accounts, CDs)	\$ 589,733

The bank balance of the primary government's deposits is \$589,733, of which \$100,000 is covered by federal depository insurance and \$-0- is collateralized with U.S. Treasury securities held by the pledging financial institution's trust department in the Village's name.

3. Cash and Investments - Continued

The GASB Statement 3 risk disclosures for the Local Unit's investments are as follows:

	Category			Carrying
	(1)	(2)	(3)	Value
Investments	<u>\$ NONE</u>	<u>\$ NONE</u>	<u>\$ NONE</u>	<u>\$ NONE</u>

The cash and investments that are represented by specific identifiable investment securities are classified as to credit risk by the three categories described below:

Category 1	Insured or registered, or securities held by the Village or its agent in the Village's name.
Category 2	Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Village's name.
Category 3	Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Village's name.

4. Property Taxes

The Village is responsible for collecting and distributing property taxes in accordance with enabling state legislation. Property taxes become a lien on the first day of July of the levy year and may be paid by the following October 1.

Property taxes are recognized in compliance with NCGAI-3, which states that such revenue is recorded when it becomes measurable and available.

The Village levied the following taxes:

General Governmental Services	16.1034	mills
Police Protection	<u>3.5000</u>	mills
Total	<u>19.6034</u>
